Quick rules to read aloud

1. Everyone brings one wrapped gift that fits the agreed budget, with no name on it.
2. Put the gifts in one pile and have each player draw a number. Number 1 goes first.
3. Player 1 opens any gift and shows it to the room.
4. Each next player chooses: open a new gift from the pile, or steal any opened gift.
5. A player who loses a gift chooses again right away: open a new one or steal a different gift. You can't take back the gift that was just taken from you.
6. After a gift's third steal it is frozen and stays with whoever holds it.
7. When the last gift is opened, player 1 may make one final swap with any gift that isn't frozen. Then the game is over.
